## illumineX Series

Max 130 Lumens

Mode/ Specification	Low	High
Output (Lumens)	5	130
Runtime	6h	0.5h
Peak beam intensity	910cd	
Max beam distance	59m	
Impact resistance	1.5m	
Waterproof	IPX8 (underwater 2 meters)	

# Super Mini Tritium Glow Bar - glow in the dark

## Primary Features

- Patented product
- High brightness
- TC4 Titanium alloy shell
- Special Tritium glow technology
- Lifespan up to 25 years
- Auto glow in the dark
- Waterproof underwater 100 meters
- High transparency and hard polycarbonate protection
- Wear-resistant and drop-resistant

Length: 40mm/1.57in  
Diameter: 10mm/0.39in  
Weight: 5g/0.18oz

*Three window design*

*Small and Exquisite*

*Choice of 7 colors*

# Mini USB Rechargeable Multifunction Flashlight

## Primary Features

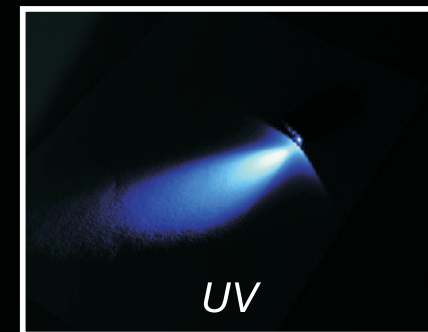

- Patented product for utility and design
- USB rechargeable multifunction flashlight
- CREE XP-G2 as the primary LED
- Φ3mm for the side LEDs
- Three selectable special modes (White/ UV/ Red)
- Three primary LED modes
- Instant access to different lighting functions
- Small and powerful
- Uses rechargeable 280mAh lithium polymer battery
- Quick charged just 90 minutes
- Standard Micro USB charging port
- Rechargeable with any USB port device

# Ultra Bright USB Rechargeable Compact Flashlight

## Primary Features

- Patented Product
- Ultra bright Compact flashlight with USB rechargeable
- 3 CREE XP-G2 LEDs design
- Momentary ON function
- Instant access to Turbo / Strobe
- Uses rechargeable lithium ion battery
- Quick recharge
- Standard Micro USB Charging port
- Charging and fully charged indicators
- Electronic side switch design, easy to change modes
- Rugged pineapple texture for grip and anti-roll
- Tail stand capability

3 CREE XP-G2 LEDs

USB Rechargeable

Compact

**PT Series**

Max 1000 Lumens

**PT16 - Max 1000 Lumens**

Length : 67.5mm/2.66in  
Head dimension : 30mm/1.18in  
Body dimension : 22.5mm/0.89in  
Weight : 40g/1.41oz  
Battery : 1×16340 Li-ion battery  
Working voltage : 2.5V-8.4V  
Charging time: 90 minutes  
Accessory : User manual,  
1×16340 Battery, O-ring, Lanyard

**PT10 - Max 800 Lumens**

Length : 77mm/3.03in  
Head dimension : 30mm/1.18in  
Body dimension : 16mm/0.63in  
Weight : 58.5g/2.06oz  
Battery : 1×10440 Li-ion battery  
Working voltage : 2.5V-8.4V  
Charging time: 90 minutes  
Accessory : User manual,  
1×10440 Battery, O-ring, Lanyard

**PT14 - Max 900 Lumens**

Length : 84mm/3.3in  
Head dimension : 30mm/1.18in  
Body dimension : 20mm/0.79in  
Weight : 63.2g/2.23oz  
Battery : 1×14500 Li-ion battery  
Working voltage : 2.5V-8.4V  
Charging time: 90 minutes  
Accessory : User manual,  
1×14500 Battery, O-ring, Lanyard

**PT18 - Max 1000 Lumens**

Length : 103mm/4.06in  
Head dimension : 30mm/1.18in  
Body dimension : 22mm/0.87in  
Weight : 60g/2.12oz  
Battery : 1×18650 Li-ion battery  
Working voltage : 2.5V-8.4V  
Charging time: 3 hours  
Accessory : User manual,  
1×18650 Battery, O-ring, Lanyard

## About ALTUN/MecArmy

ALTUN/ MecArmy offers innovative and dependable products for EDC, outdoor sports, tactical operations and law enforcement. MecArmy's flashlights are compact, with high lumen output and a USB charging interface.

The team comes from China, whose name is taken from ALTUN Mountain in western China. In today's industrial civilization and prevalent consumerism, such a pure land is both the Outer Heaven the human is yearning for and the trial ground full of survival challenge.

ALTUN team partner is a group of energetic tactical geeks who are the Hardcore player. Loving outdoor activities and the skilled craftsman art. They enthusiastically participate in the EDC, and are also dedicated to the high-quality outdoor activities. The team is constantly committed to combine the mysterious oriental culture and EDC. ALTUN team explores the new product research and development with the ideas of extremists, and refines the product manufacture with the vision of engineers, thus forming a distinctive product line with outstanding public praise.

ALTUN's excellent original products are widely praised by users, and its clients include fans in China, the United States and Europe as well as the EDC enthusiasts. Meanwhile, ALTUN is also the contracted supplier of Chinese army and military/ police equipment of Special Forces as well as the OEM manufacturer.

Come on, join us, we play, we create.
