Multi flashlight
lineup flagship
product – brightness
like never before

Flashlight for those who need not just bright, but astonishing light. Wizard C2 Pro Max is the newest model of the demanded all over the world multifunctional Armytek Wizard lineup with record light output of 4000 lumens. The 3 in 1 multi flashlight for outdoor activities, hobbies and work is comparable in power to a projector.

The main advantages of the flashlight are wide beam angles 110°:150° and an even

smoother transition between hotspot and side spill. Combined with extended runtimes thanks to the larger capacity 21700 Li-Ion battery, these features make use on the head as comfortable as possible.

Even the customers who already have Wizard C2 Pro will definitely want Wizard C2 Pro Max in their collection!

 **3 in 1**

1. HEADLAMP

simple one-hand operation, reliable head-mount. Solid body without long wires, weak rubber connectors and unnecessary boxes. The flashlight is easily installed, removed and 180° rotatable in the mount. Quick-release rubber ring provides additional fixation

2. EVERY DAY CARRY LIGHT

compact design, convenient side button, special matt anti-abrasive finish without rough knurling, strong built-in tail magnet and robust removable steel clip

3. BICYCLE LIGHT

body made from durable and lightweight aircraft-grade aluminium, improved shock resistance, new springs for better battery and driver protection. Constant light without flickering, quick-release mount in the set

- New generation electronics provides impressive light output of 4000 lumens. Constant brightness even at low ambient temperatures and not fully charged battery
- Multicolor temperature, battery level and state indication with the ability to turn it off
- Convenient wide beam of fully upgraded optical system, TIR-lense is protected from scratches by tempered glass with anti-reflective coating
- Innovative technology allows using any 21700 or 18650 Li-Ion batteries with 15A discharge current and provides full protection against short circuit even in case of contact between magnetic connector and metal objects
- Active real-time temperature control to prevent overheating above +58 °C
- Total protection from water, dirt and dust in accordance with IP68 standard – flashlight continues to work even at 10 meters depth. Withstands fallings from up to 10 meters

WIZARD C2 PRO MAX

NEXT GENERATION FLASHLIGHT

ADVANTAGES

New optical system and TIR-lense:

transmits more lumens, provides comfortable wide beam with 150° spill

Maximum LED efficiency:

wide new generation LED ensures better light efficiency with impressive output

☀️ **4000**
LUMENS

New head design: improved heat dissipation and brighter light with more lumens

Enlarged side button: softer and more comfortable pressing

Improved springs: new springs for better protection of the battery and driver and increased performance efficiency

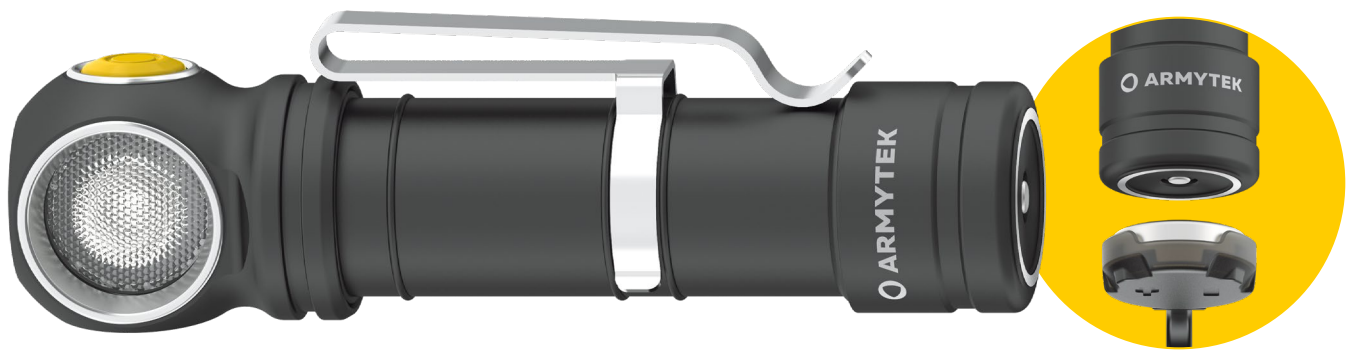

New magnetic charger:

21700 Li-Ion 5000 mAh battery is charged in the shortest time possible

🔌 **5 h 20 min**

MAGNETIC USB CHARGER

Robust and water resistant magnetic connector

Stylish body: matte anodizing, laconic style, new corporate branding

Innovated electronics and firmware:

extended runtimes and enhanced brightness

Simple operation by default:

easy to use right out of the box (6 modes), possible to switch to professional advanced operation with 10 modes

Active real-time temperature control:

when the temperature becomes close to +58 °C, brightness decreases, allowing to avoid flashlight and battery overheating and burns. Safe for industrial workers

Multicolor indication: fully off-switchable temperature, battery level and state indication

Extended set: high capacity 21700 Li-Ion 5000 mAh battery for prolonged runtimes, battery adapter for use of any 18650 batteries, fast magnetic USB charger and ABM-01 bike mount included. Compatibility with AHM series hard hat mounts

Set description

1 - flashlight, **2** - 21700 Li-Ion battery 5000 mAh, **3** - 18650 battery adapter, **4** - magnetic USB charger, **5** - headmount, **6** - clip, **7** - bicycle mount ABM-01, **8** - two spare O-rings, **9** - user manual

SPECIFICATIONS

		Wizard C2 Pro Max
LED / Optics		Cree XHP70.2 / TIR
Light output, lumens		4000 lm
Beam distance		114 m
Hotspot : Spill		110°:150°
Brightness stabilization type		Full
Number of modes		6 simple operation by default / 10 advanced operation
Modes / Runtimes	Turbo2	4000 lm / 3 h 15 min (900 lm after 50 sec)
	Turbo1	1300 lm / 3 h 20 min (900 lm after 12 min)
	Main3	450 lm / 7 h
	Main2	150 lm / 21 h
	Main1	45 lm / 64 h
	Firefly2	4.6 lm / 2 weeks
	Firefly1	0.35 lm / 2 months
	Strobe3	4000 lm/10 Hz/6 h 50 min (900 lm after 2 min)
	Strobe2	4000 lm/1 Hz/14 h (900 lm after 10 min)
	Strobe1	150 lm/1 Hz/90 h
Power source		1x21700 Li-Ion, 1x18650 Li-Ion
Length / head diameter / body diameter		121.5 mm / 34.4 mm / 23.6 mm
Weight without / with battery		79 g / 149 g
Submersion and Impact resistance		Depth up to 10 meters for 2 hours (IP68 standard). Height up to 10 meters
Set description		21700 Li-Ion 5000 mAh battery, 18650 battery adapter, magnetic USB charger, clip, headmount, bicycle mount ABM-01, 2 spare O-rings, user manual

► The model is available with White and Warm LED. Light output for flashlights with Warm light is about 7% less, beam distance is about 3% less. All the above specifications are test results based on ANSI/NEMA FL1-2009 Standard.

Wizard C2 Pro Max	White light	EAN: 6957713003009	SKU: F06701C
	Warm light	EAN: 6957713003016	SKU: F06701W

BENEFITS OF WORKING WITH ARMYTEK

Armytek is a world famous manufacturer of high-tech flashlights, chargers and accessories. All Armytek products perfectly meet the buyer's requirements. We focus on quality and reliability: smart lineup allows us to thoroughly think through every detail before launching mass production.

HIGH PROFIT

Favorable conditions and flexible prices for bulk orders are ensured by own factories in China.

FAST SHIPPING

Warehouses around the world: the goods are always in stock and ready for shipment. Reduced costs and time of delivery, no additional custom fees required. Lower costs on shippings directly from the factories.

EXCEPTIONAL RELIABILITY

Minimum returns rate – less than 1% (competitors' rate is 5-7%). All products go through quality checking on test stands.

LEGENDARY SERVICE

Full support and cooperation: from placing an order to warranty service. Professional issue management, fast repairs and exchange.

NO HASSLE WARRANTY

Up to 10 years unprecedented warranty.

OWN FACTORIES

Every step of the process is controlled by our European specialists at the factories.

DEVELOPMENT

Head office in Europe. Team of highly qualified specialists from defence, aviation, space and other specialized industries.

EXPERIENCE

Expert in the fields of mechanics, optics and electronics. We specialize in development and manufacturing of flashlights and battery chargers since 2009.

COMPONENTS

Powerful Cree, Nichia and Samsung LEDs, electronics by the USA and Japan, aircraft-grade aluminium, tempered glass, etc.

SMART LINEUP

Simple process of choosing a product, no bulky catalogs with a lot of similar variants. Only best models for client's needs.

NEW PRODUCTS

Armytek produces innovative and the most technically advanced products in the world.

PRIVATE LABEL, OEM/ODM

Creating new products, modifying our production models and personalizing them according to your needs.

MARKETING SUPPORT

We provide all the necessary promotional materials: leaflets, booklets, catalogs, etc.

CLIENTS' NEEDS RESEARCH

We systematically gather feedback to make sure that our products completely fit clients' needs and requirements.

Built to exceed
