# 2020 PRODUCT CATALOG

FENIX®

LIGHTING FOR EXTREMES

FENIX

Based in Shenzhen, China, Fenix designs and manufactures incredible lighting products in its company-owned facility. Fenix is committed to create lights that not only feature the best in lighting technology, but are also built to the highest standards for durability and longevity. Unlike contract manufacturers or subcontractors, Fenix takes ownership of the quality and performance of each and every light and subjects each to a battery of tests from their quality assurance professionals—ensuring the light is built to last.

FENIX LIGHTING US is the United States distributor for the Fenix line of lighting products and is committed to providing you with the best customer service. With facilities in Littleton, CO and Monticello, AR, Fenix Lighting US is poised to fulfill your needs quickly and efficiently.
TABLE OF CONTENTS

HEADLAMPS

HL12R
400 LUMENS

OPTIONAL ACCESSORIES
♦ APB-20 Gear Bag

- ♦ Max 400 lumen output from built-in 1000mAh Li-polymer battery
- ♦ Eight modes including five brightness levels, SOS, red light, and red flashing
- ♦ Micro-USB rechargeable with battery level indicator

RECHARGEABLE   BATTERIES INCLUDED   BATTERY LEVEL INDICATOR

RED LIGHT   S.O.S.   BURST

HL18R
400 LUMENS

RECHARGEABLE   S.O.S.   BATTERIES INCLUDED   BATTERY LEVEL INDICATOR

OPTIONAL ACCESSORIES
♦ APB-20 Gear Bag

- ♦ Max 400 lumen output from a Li-ion battery pack or three AAA batteries
- ♦ Seven modes including four brightness levels in spotlight mode, two levels in floodlight mode, and SOS
- ♦ Two separate switches control the spotlight and floodlight modes
- ♦ Reflective headband includes a silicone sweat guard

HL18RW
500 LUMENS

*Features a **Cool White LED** — perfect for running*

- ♦ Max 500 lumen output from included 1300mAh
- ♦ Li-polymer battery back or three AAA batteries
- ♦ Six modes including three spotlight levels, two floodlight levels, and SOS
- ♦ USB rechargeable with battery level indicator
- ♦ Extremely light weight; 2.8 oz

RECHARGEABLE S.O.S. BATTERIES INCLUDED BATTERY LEVEL INDICATOR

400 LUMENS

♦ **Max 400 lumen output from one 18650 Li-ion battery or two CR123As**

♦ **Eight modes including 3 brightness levels, front light, 2 brightness levels of down light, red/red flashing mode**

♦ **Extremely durable case can withstand 1.2 tons of pressure**

♦ **IP66 rated rain resistant and dustproof**

RECHARGEABLE | BATTERIES INCLUDED
FLASHING | RED LED

OPTIONAL ACCESSORIES
♦ ARB-L18 Battery
♦ ARB-L18 USB Battery

ANSI/FSC					
MODE	**OUTPUT LUMENS**	**RUNTIME**	**MAX DISTANCE**	**IMPACT RESISTANCE**	**WATER PROOF**

BIKE LIGHTS

BC05R
10 LUMENS

♦ Max 10 lumen output from built-in 240mAh Li-polymer battery

♦ Four modes including two brightness levels and two flashing modes

♦ Micro-USB rechargeable with battery level indicator

♦ Also use as a headlamp or backpack light

RECHARGEABLE · BATTERIES INCLUDED · BATTERY LEVEL INDICATOR · RED LED · FLASHING

OPTIONAL ACCESSORIES
♦ None

BATTERIES & CHARGERS

SINGLE BAY CHARGERS	2-BAY CHARGERS	4-BAY CHARGERS
ARE-X1/ARE-D1	**ARE-A2/ARE-D2**	**ARE-A4**

Specifically designed for 18650 rechargeable batteries, these chargers feature a constant-current charge which safely extends the health and lifespan of the battery. Built for all types of batteries from 10440 up to 26650, AAA to AA. Automatically chooses the correct charging mode for each type of battery.

RECHARGEABLE BATTERIES

Fenix rechargeable batteries are designed for today's high-intensity flashlights. Featuring a large capacity, triple over-heat protection, built-in over-charge protection and other safety features, these batteries from Fenix are your best choice for powering your Fenix light.

MODEL	TYPE	CAPACITY	VOLTAGE

ACCESSORIES

BATTERY HOLDER	BELT CLIPS	BIKE MOUNT	DIFFUSER TIPS
ALF-18	**AB02 / ALC-01**	**ALB-10**	**AOD**
Allows you to use an 18650 battery in flashlights that are built to use a 21700 battery. Simply insert your 18650 battery into the holder and place both into your 21700 capable flashlight.	Turn belt, waistband, pack strap or hat into a hands-free flashlight holder. Built for smaller lights, this clip features durable materials and a click-to-lock rotating mechanism	Take Fenix flashlights on the road and trail with this fully-adjustable mount. Capable of holding small to mid-sized lights, this mount can be moved from bike to bike without using tools.	Transform your Fenix light into a reading, signal or emergency light. Attachment is quick and secure with materials designed for field use.

FILTER ADAPTERS

AOF
Improve night-time visibility and avoid detection with these colored filters. Durable with an anti-roll design, they improve map reading, navigation and tracking.

HEADBAND

HB01
Turn your small Fenix flashlight into a headlamp with this useful headband mount. Durable and comfortable to wear, it's made of moisture wicking cotton.

HEADBAND GEAR BAG

APB-20
Ultra-compact headlamp gear bag made of high-strength nylon cloth. Includes an inner mesh cloth bag large enough to carry extra batteries.

HELMET MOUNTS/CLIPS

ALD-02/ALG-03/ALD-08
Quickly attach and detach headlamps or flashlights to any outdoor or work helmet—making sure the light stays securely fixed to your helmet.

HOLSTERS

ALP-MT
Practical small pouch for flashlights, knives and multi tools. Wide compatibility with adjustable lid. Secured by the strap with snap fastener or detachable bungee cord.

LANYARDS

ALL-01
Soft and comfortable, this flashlight lanyard is fully adjustable, can hold up to 46 pounds and is a great addition for your large fenix flashlight.

RAIL MOUNTS

ALG-00 / ALG-01
Mount your flashlight to a Picatinny/Weaver rail with this anodized aluminum mount. Steel hex screws ensure positive engagement with a matte black finish for a professional appearance.

REMOTE SWITCHES

AER-02-V2 / AER-03-V2
Operate your flashlight remotely thanks to this remote switching system. Perfect for use in tactical situations when mounted in conjunction with a rail mount.

SNAP HOOK CARABINER

ALB-20
Multi-purpose snap hook perfect to help you quickly access items hooked to your belt or pack. Featuring a quick-release latch, bottle opener, and screw driver.

TACTICAL PENS

T5 / T5TI
These tactical pens are not only designed to be used in tactical situations, but are also exquisite writing instruments. A favorite for even for the most discerning pen aficionado.

TRAFFIC WAND

AOT
Point the way to safety with this click-and-go accessory from Fenix. Long-distance visibility improves as does close-in traffic management.
UNIVERSAL MOUNT

BIOBKMT
Perfect tool for any flashlight owner who needs to attach their flashlight to a tent, camper, bicycle, tree—just about anywhere where hands-free light is needed.

THE FENIX CONSTRUCTION

Fenix prides itself in keeping up with the latest lighting technologies and build techniques. Fenix lights will always be the most innovative, brightest and toughest lights on the market.

High-efficient optical system

Digital regulation, constant brightness

Constant current circuitry

INPUT: 5V/1A Micro USB
2600mAh
18650   3.6V

Waterproof/dustproof

Utilizing the latest LEDs

Aircraft-grade aluminum

Type III hard-anodized anti-abrasive finish

THE FENIX PROTOCOL™ GOES BEYOND

By adding up to eight extra testing steps, the FENIX PROTOCOL puts devices in situations that more closely mirror the flashlight users' reality through a) shakeout, b) bending, c) salty spray, d) ultraviolet radiation, e) environmental, f) vibration, g) switch and h) temperature testing.

SHAKEOUT TEST	**BENDING TEST**	**SALTY SPRAY TEST**	**ULTRAVIOLET RADIATION TEST**
evaluates the scratch and wear resistance of the flashlight's surface	challenges the bending degree and inherent strength of internal wiring systems	puts the light into corrosion-provoking conditions beyond what most will ever face	monitors the light's performance after intense exposure to UV radiation

ENVIRONMENTAL TEST	**VIBRATION TEST**	**SWITCH TEST**	**TEMPERATURE TEST**
pushes low and high temperature ranges to verify performance at extremes	jars the light over thousands of cycles to validate resistance to rigorous forces	checks switch function well over the projected lifespan of the light	determines heat generation and dissipation of Fenix' powerful LED systems

HIGHER STANDARDS = BETTER FLASHLIGHT PERFORMANCE

ANSI package symbols make it easier to buy with confidence. Six baseline tests allow flashlight users to compare essential performance attributes. While not a comprehensive evaluation of individual lights, ANSI FL-1 Standards are the start of intelligent buying.

LIGHT OUTPUT
measures total quantity of light energy = how BRIGHT it appears. Three samples are tested with fresh batteries for output measured in lumen

PEAK BEAM INTENSITY
measures the brightest point = how STRONG the light is. Lux levels at 2, 10 or 30 meters are taken within the first 2 min of operation

RUNTIME
measures hours to 10% brightness = how LONG batteries last. Fresh batteries are run at the light's maximum brightness level and other levels

IMPACT RESISTANCE
checks function when dropped = how HIGH a drop it can take. Six drops are made at different angles starting at one meter

BEAM DISTANCE
measures where the light diminishes = how FAR the light shines. Rated distance – in meters – is where a luxmeter detects 0.25 lux

WATER RESISTANCE
checks the light's dependability = how RESISTANT it is to water. Splashing, temporary or total immersion are tested immediately after 30 minutes of exposure

CUSTOMER SERVICE/ORDERS
HOURS OF OPERATION
9:00 am to 5:00 pm CST

SERVICE REPAIR CENTER & WAREHOUSE LOCATION
161 Market Street
Monticello, AR 71655

MERCHANDISE RETURNS
Merchandise may not be returned without the prior approval of Fenix Lighting US. Please contact customer service with any inquires you have on product that was shipped in error or is found to be defective in workmanship and quality. If a customer returns product to same retailer of purchase, then the retailer has the ability to satisfy their consumer directly or refer to our customer service department. In the event the retailer exchanges product to satisfy the consumer, then the retailer may return the faulty product exchanged by consumer for credit or equal replacement product by contacting customer service.

REPAIR POLICY
If your Fenix product has a manufacturer's defect covered by our warranty, we will either repair or replace it, at our option, without charge. Return it to your place of purchase or send it to the Service Repair Center address. Please include your 1) name, 2) address, 3) phone number and 4) email address (optional) with the product.

Most damaged Fenix products not covered by the warranty can still be repaired. If repair costs and handling charges apply, you will be notified prior to any service. Please send to the Service Repair Center address. Include your 1) name, 2) address, 3) phone number and 4) e-mail address (optional) with the product. Do not send to the Headquarters address.

All warranty repairs or replacements are at the sole discretion of the Fenix Lighting US Authorized Repair Center and we reserve the right to refuse a request for any reason.

LIFETIME LIMITED WARRANTY
Fenix Lighting US, guarantees all Fenix products purchased from retailers directly supported by them to be made of first-class materials and therefore provides a lifetime warranty against any defects in material and workmanship.

Excluded from warranty coverage is any damage to the exterior deemed reasonable wear and tear such as scratches and/or fading of color. In addition, the warranty does not apply to damage caused by abnormal or unreasonable use of any of the components. This includes use of unapproved batteries in Fenix products (see user manuals). This warranty is in place of all other warranties, including warranty of fitness for a particular purpose and warranty of merchantability and excludes any liability for incidental or consequential damages.

LIMITATION OF LIABILITY
The liability of Fenix Lighting US in regards to the sale and delivery of goods according to the invoice is limited to repair and replacement of, or credit for, defective goods, at the option of Fenix Lighting US. Under no circumstances shall Fenix Lighting US be liable for economic loss or for any other special, indirect, incidental or consequential damages, of any kind suffered by purchaser.

FENIX LIGHTING US PROMISE
We promise to support you (the retailer) and your consumers to deliver the highest level of satisfaction. That means taking responsibility for promptly solving product, service or warranty problems. If, as a retail partner, you are not satisfied with the service you have received at any time, then please contact us directly at customerservice@fenixlighting.com. The goal remains your satisfaction – and success – as a key member of the Fenix Lighting US retail network.

* The runtime of this mode is the accumulated time without time-limited downshifting and overheat protection.
