COLEMAN'S HISTORY

The Coleman Company's humble beginnings originated from the invention of the first, outdoor all-weather gasoline lantern widely known as 'The Sunshine of the Night'. This historical invention extended the time farmers and ranchers could work, significantly increasing productivity and changed life in rural America.

Founder, W. C. Coleman eventually made his name synonymous with today's No. 1 worldwide outdoor recreation company, The Coleman Company, Inc.

1901
Coleman® founded by W. C. Coleman

1923
Coleman® launched camp stoves, enables outdoor advocates to 'take their appetite any where they go'

1952
First cooler is released, made of steel & finished in baked enamel and chrome

1986
Coleman® introduced electric and battery powered lights. Celebrated the production of its 40 millionth lantern

1999
Introduced industry leading Coleman® Extreme™ coolers that hold ice up to 5 days at 32C°

2004
Introduced industry leading Coleman® Ultimate Extreme™ coolers that hold ice up to 6 days at 32C°

1914
The portable Arc lantern gives the world light

1965
G.I. pocket stove ranked as one of the two most important pieces of non-combat equipment in the war effort

1965
Coleman® begin making sleeping bags & tents

1995
The 50 millionth lantern is produced. Introduced NorthStar® 2000 Dual Fuel™

2002

2010
Coleman® launch CPX™ and revolutionized how outdoor equipment is powered

BRINGING PEOPLE TOGETHER OUTDOORS

for past generations, and many more to come...

INNOVATION

Our passion is the outdoors and as a result, our inspiration for innovation is driven by the diversity of what the outdoors has to offer.

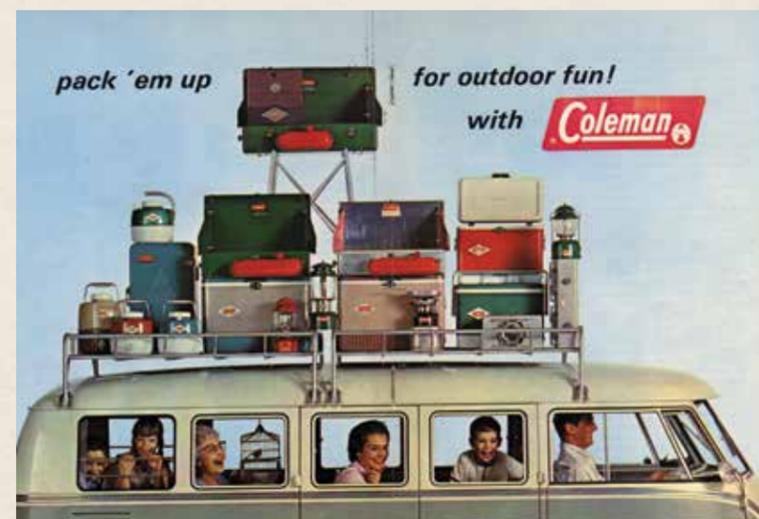

QUALITY

Each product is backed by an extensive, exhaustive quality and unparalleled testing programme to ensure that regardless of the conditions you face, you will have a product you can rely on time and time again. Every component is put to the test and scrutinised long before it reaches the outdoors guaranteeing that it will cope with the extremes of nature.

HERITAGE

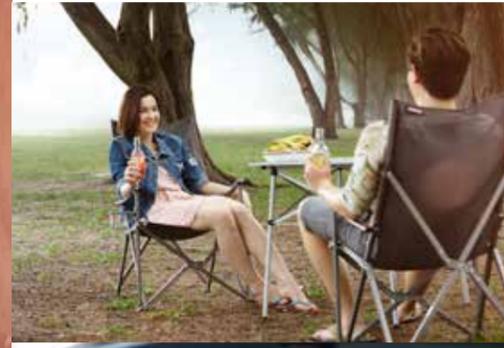

A brand you can trust, it's a trust that's been earned over the last 100 years and a virtue that has stayed with Coleman® through generations thanks to our commitment to delivering the highest quality innovative products.

ROADTRIPPING WITH MY BEST BUDS

Hello beautiful weekend, goodbye city madness!
Best buddies are the best for a reason – they laugh with you through the happiest moments and ride with you through the toughest days. And when nothing is really happening, you know you will be chasing another adventure together!

"Ever since we were in university, we made this pact we'll be friends for life and celebrate it every year with a roadtrip! So this year, we're heading out on the road again, with a change - Desmond's got a new car and a girlfriend to introduce. After we parked and unloaded all the drinks and food, jokes and laughter filled the air again as it does every year. We chatted about life, about the future and all the silly things we did back in university. This year, the girls seemed to have really improved on their baking skills. We tasted some of the best scones and fruit tarts! And guess what? Carrie says she is now engaged! Life is good. Who knows what surprises next year's roadtrip will bring."

-Rodney-

Pick a drink or take them all from the 60QT Wheeled Cooler. With storage space equivalent to 95 cans plus ice, the cooler is easy to wheel around with a retractable handle. Never again do you have to make hard decisions on what drinks to pack along.

When you need to sit and stretch in comfort, both the Deluxe Relax and Patio Sling chairs will impress. Both easily portable plus the Patio Sling even comes with cup holders! Don't forget to stow along the Outdoor Compact Table, to easily place all the food within arm's reach.

DADDY'S BIG BACKYARD BBQ

Fire up the grill and let the great BBQ begin!

The distinct aroma of skewered meat and sweet vegetables on the grill always makes tummies rumble. Especially when it's Daddy's secret sauce recipes, everyone's going on third and fourth helpings!

Some of the best BBQs are the ones right in our own backyard with the whole family! I get to play masterchef and make them all my secret recipe delicious stuffed sausages, homemade burger patties and grilled corn. Even wifey hinted my cooking's pretty spectacular and says she wouldn't mind having those lamb chops on a regular basis! The little ones on the other hand just love the mini burger patties and fluffy marshmallows. Perhaps the nicest part of this day is watching the little ones growing up. Jason is still tumbling around his play house tent, but it won't be long before he outgrows it, and joins his Dad at the grill!

Daddy-the-Grill-King

Relax after the hard work into the Lumbar Quad Chair that is conveniently fitted with a padded lumbar pillow for lower back support. And while you're comfortably seated, have your drinks easily accessible with the Cooler Soft Folded Ice Bucket that is propped up with a coated steel frame stand.

Match your BBQ finesse with an equally superb grill – the Roadtrip™ Grill. Beautifully compact when folded, it opens up to give a large 285 sqft of cooking surface. A good BBQ requires freshly chilled meat and the sleekly designed Stainless Steel Belted Cooler gets the job done. Pitch 13 x 13 Shelter to get some respite from the sun sets up so easily with ample of shade.

LIFE IS... A BIG BEACH PARTY!

Who doesn't love the sun, sand, sea and surf?
Whether you're a sun-lover seeking out a tan, or getting
an adrenaline rush playing volleyball, the beach is
where all the fun is.

Best summer hits playlist - checked!

Sunscreen - checked!

New cute top and shorts checked!

Coolers loaded with all the food and drinks - checked!

My friends don't call me the best party organizer for nothing! We're on a beach, streaming a great list of songs, while trying to do the limbo rock (loser has to clean up the trash). Next up is going to be a game of twister, and then followed by beach volleyball. Kenny has even volunteered to serenade us all with his ukulele! Looks like all the practice is going to be put to good use! Love it when everyone's having a great time, I'm already thinking of where to hold the next beach party.

-Adlysha-

Indulge in creature comforts and let guests enjoy full seat support in the Kickback Chair. Or take comfort a notch higher and lie back into Converta Cot to take a quick nap when nobody's looking. Shhh...

When parties are as big and lively as you want them to be, it's always good to be prepared with enough gear to get everything organised. Keep to the lively theme with multi-coloured Party Stacker™ Coolers for food and beverage chilling, and if you need some heavy duty ice retention, the 16QT Excursion® Cooler comes handy with an insulated body case. Get help with the smartly designed collapsible Wagon, equipped with sturdy terrain wheels and a durable polyester fabric bin to lug around all the party goodies!

I LIKE SATURDAY PIRKNIKS WITH MY FAMILY

Have fun saying hello to Mother Nature with your little ones
Don't kids just grow up so fast? Spending family together makes for so many
picture perfect memories.

Last Saturday mummy, daddy, sis and I went to the park. Mister Sun was shining that day, so mummy said it will be a nice, day with blue skys skies. While we sat down on the mat, a purple butterfly fly onto my sandwich. We played with bubbles and I blowed many big giant bubbles. Daddy helped me fly a kite too. After we run and was tired, Mummy gave me my faverite apple juice. I was very happy, I hope we will go to the park again soon.

Get the whole family out and about with their favourite snacks. Coleman's soft cooler bags come in all shapes and sizes to keep your picnic snacks chilled and fresh. Even the little ones can feel 'all grown-up' carrying their favourite munchies.

Lay out all of Mum's lovingly made sandwiches and tarts on the Mini Camp Table that folds flat for convenient transportation. Weighing just 3.2 kg, even the little ones have no problem carrying it around.

BACK TO BASICS FOR A STORYBOOK ROMANCE

Forget fancy restaurants, let Mother Nature dazzle your date. Storybook romances are made of long walks in the woods with the soft breeze gently caressing your cheeks. Make a toast on your picnic mat, and don't forget to thank Mother Nature for the perfect date.

I still can't believe how sweet he was. Holding my hand, gently leading me through the woods... I knew something was up when he lugged along a cooler and cheekily said the contents are a secret. We found a grassy patch and spread our picnic mat open. When he opened the cooler, I was pleasantly surprised to see a bottle of champagne waiting to be popped. He even took out a bunch of flowers he cleverly hid in the basket, amongst the macarons! Sitting there amidst the trees was just so beautiful. Not to mention, it made a good backdrop for our endless polaroids too. Such a sweetie xoxo

-Erin-

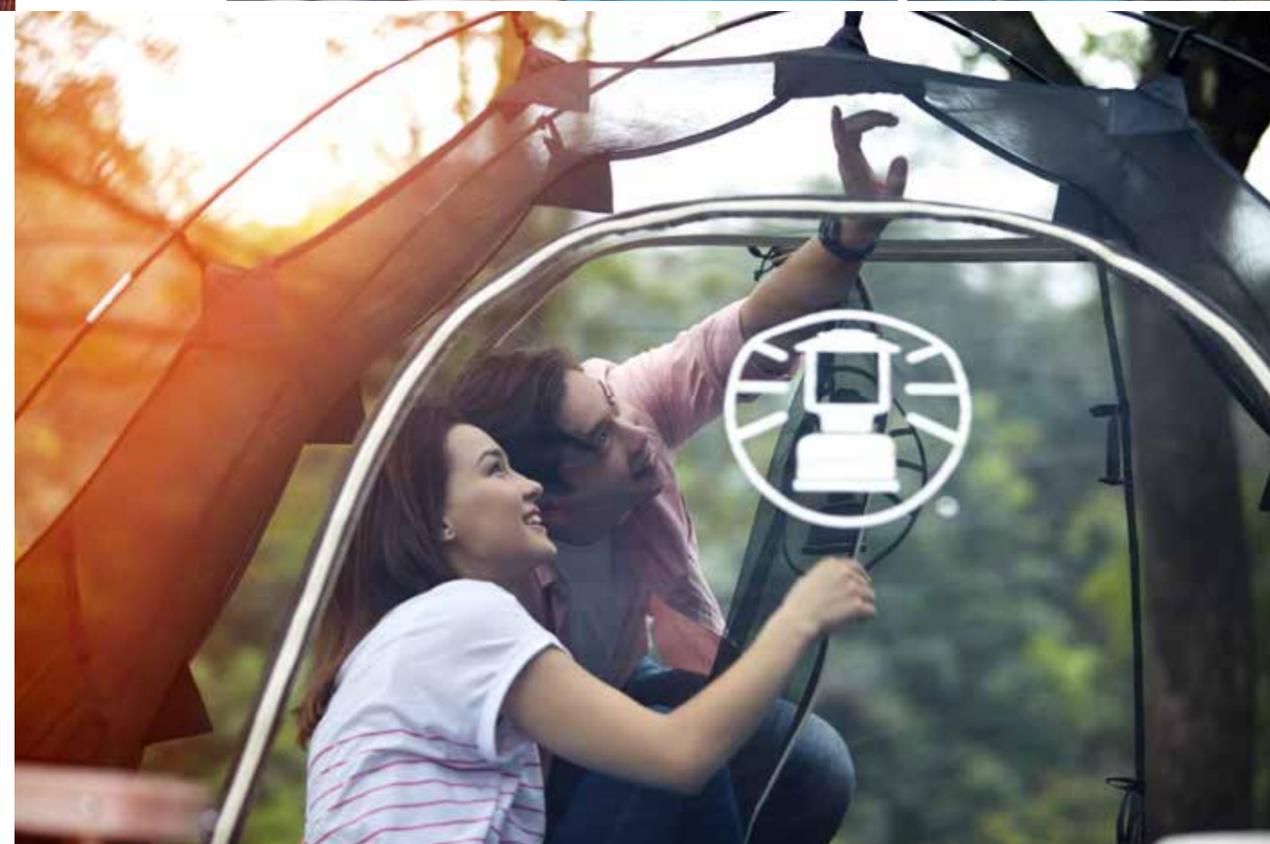

The Airdome tent made just for two has a flysheet that easily unzips to give you an ample view of your surroundings while keeping the bugs away through its mesh netting.

Tote along a portable fan as well so the humid weather doesn't get in the way of a perfect outing!

Start a new dating ritual with your loved one. Pack a cooler of your favourite juices, a picnic mat and a Airdome tent to shield from the sun and you're all set!

DISCOVER THE COUNTRYSIDE ON TWO WHEELS

Sun-shining days are perfect for fun-seeking couples

Get on two wheels for a little thrill with your loved one. Even if cycling is not your best sport, the adrenaline rush will make you both feel like champs.

"Let's get bikes and cycle along the countryside!" said my girlfriend.

Just can't help loving this girl because she's just so full of spirit, full of adventure. I look forward to our moments together, especially since most days this pretty doctor is pulling long hours on her job at the hospital.

We're always indulging in silly things together. We tried holding hands while cycling, but of course that didn't last too long when we almost cycled into a ditch!

When the sun got too hot, we stopped to rest under a tree for some cold iced coffee from our cooler box. I can't really tell which is brighter today, the sun or her sweet smile

THE FAMILY THAT CAMPS TOGETHER, STAYS TOGETHER

Make glamping your new family holiday.

If camping was a family favourite of the past, glamping is the new family favourite for the new generation. No less the fun but ten times the comfort, thanks to nifty innovations for the whole family.

It's been 8 years since we first made this a family tradition and now the little ones are learning how to pitch a tent too! The long public holiday is just what we needed to get out of the city and have some family bonding with Daddy who's always busy with work. Since the tent setup was a breeze, it wasn't long before the kids got into the food containers and started drizzling syrup on the waffles and the tables. My cute little brats. Daddy and I, we kickbacked on the sling chair and had ourselves some homebrewed coffee. It wasn't long before the kids got bored of the waffles and got us to all play a round of cards together. This is the kind of family tradition I look forward to continuing, every holiday!

-Mummy-

If you are a fan of glowing hot embers, the Cool Spider Stainless Steel Grill Grande will make your night for a charcoal barbecue. Comes equipped with a drawer style charcoal grate so you can easily add or remove charcoal briquettes without lifting your grill.

Let your family in on the "Glamping" a glamorous camping experience with a huge and roomy Waterfall Tent that has two rooms, and sleeps 5 pax! It takes only less than 10 minutes to set-up so you can spend more quality time with your family.

THE COLEMAN® AIRTIGHT™ SYSTEM

All Coleman® inflatables use this system which incorporates the exclusive Double Lock™ Valve - an innovative valve technology that makes use easier and faster than traditional pinch-valves, and delivers a guaranteed airtight product.

EXCLUSIVE DOUBLE LOCK™ VALVE

Up to 30% better air retention than the competition!

Our exclusive valve locks air in twice, valve open extra wide for quick and easy inflation and deflation.

PUNCTURE RESISTANT

Our exclusive formula of heavy duty PVC provides a pure elastic product that's more resistant to punctures.

HASSLE FREE STORAGE

Provides quick, hassle-free storage for your airbeds; simply fold, roll and store.

Started as a small company building electrical accessories in post WWII France. As a sideline, they figured out how to use their high frequency welding machines to manufacture PVC goods. The invention of an inflatable bathtub transformed the small company into the world's dominant supplier of PVC inflatables.

Today, chances are if someone is having fun on the water, they are on a Sevylor® product. Our products are up to the task to make it safe, and keep it fun. So have some fun with an old friend. After all, we've been taking fun very seriously for over 60 years.

BROADEST LINE

The only company in the industry that produces inflatable kayaks, boats, floats and everything in-between.

EXPERTISE IN INFLATABLES

Coleman® outdoor brands produce more inflatable products than any other branded company in the world.

PROVEN INNOVATION

Over 60 years of experience bringing innovations that are safe, fun and grow the category.
