About us

WUBEN — *an international brand casted for 38 years with ingenuity*

Shenzhen ShengQi Lighting Technology Co., Ltd. is a lighting company with a history of 38 years. Headquartered in Qishi Town, Dongguan City, Guangdong Province, China, the company owns approximately 9,000 square meters of land. The self-built factory is about 15,000 square meters, with a team of more than 400 people, which is consisted of domestic and foreign professional R&D engineers, designers, production and sales personnel, and has advanced production and testing equipments, and is also equipped with the international standard test laboratory.

Adhering to the principles of design innovation, comfort and durability, WUBEN specializes in high-end LED flashlights R&D, designing and manufacturing. With high quality and excellent performance, WUBEN flashlights are well recognized by users and enthusiasts, and sell very well in many countries and regions, such as the United States, the United Kingdom, Germany, Australia, Russia, Poland, South Korea, Japan, South Africa, the Middle East, Southeast Asia.
